Name: Water leak sensor

<< Back

Next >>

Press next and then the installation is done.

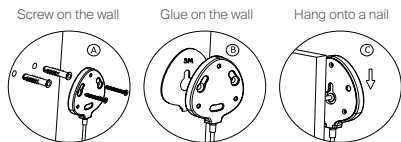

3. Placing the sensor

 Placera sensorn

 Sijoita anturi

 Anbringen des sensors

3.1

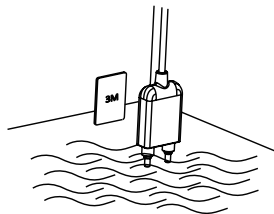

Pick one of the options above to mount the sensor. *(Note! Don't mount directly on or near metal, since metal objects may weaken the radio signal strength.)*

3.2

Put back the frontpiece. *(Note the direction.)*

3.3

Place probe with its metal parts touching the area where you want to detect a potential water leak.

Specifications/Specifikationer/Spezifikationen/Tekniset tiedot

Article number/Artikelnummer/Artikkelnumero: 15246

Battery/Batteri/Batterie/Paristo: 1xER14250 (3.6V)

Range/Räckvidd/Soveltamisala/Aktionsradius: 0-30m indoor/inomhus/drinnen/sisätiloissa

Protection class/Skyddsklass/Schutzklasse/Suojausluokka: IP44

Frequency/Frekvens/Frequenz/Taajuus: 868.42MHz.

Protocol: Z-Wave 500

Operating temperature/Användningstemperatur/Betriebstemperatur/Käyttölämpötila: 0- + 40°C

Relative humidity: 0% - 90%

Dimensions: Main body: 68mm*22mm, Extension probe: 50mm*5mm Wire: 1m

Correct disposal of the products

Within the European Union, this symbol indicates that the products must not be disposed in the household waste. Devices contain valuable recyclable materials that should be recycled for reuse and uncontrolled waste disposal may cause harm to the environment and human health. Please dispose the old products via suitable collection systems or send the unit to the office where you bought it. This will make the product recycling.
